

# Clio Wired: The Future of the Past in the Digital Age

In these pathbreaking essays, Roy Rosenzweig charts the impact of new media on teaching, researching, preserving, presenting, and understanding history. Though he celebrates digital history's democratizing influences, Rosenzweig also argues that the future of the past in this digital age can only be ensured. Disciplines such as history, cultural studies, and literary criticism are now embracing digital technologies, and even national professional. In these pathbreaking essays, Roy Rosenzweig charts the impact of new media on teaching, researching, preserving, presenting, and understanding history.
