

Cross-Sectional Anatomy to Color and Study, 1e

Why use this coloring book?

The Anatomy Coloring Book has been the #1 best-selling human anatomy coloring book for more than 35 years! A useful tool for anyone with an interest in learning anatomical structures, this concisely written text features precise, extraordinary hand-drawn figures that were crafted especially for easy coloring and interactive study.

- Organized according to body systems, each of the 162 two-page spreads featured in this book includes an **ingenious color-key system** where anatomical terminology is linked to detailed illustrations of the structures of the body.
- When you color to learn with *The Anatomy Coloring Book*, you make visual associations with key terminology, and assimilate information while **engaging in kinesthetic learning**. Studying anatomy is made easy and fun!
- The Fourth Edition features **user-friendly two-page spreads with enlarged art**, clearer, more concise text descriptions, and new boldface headings that make this classic coloring book accessible to a wider range of learners.
